

# NGUYEN DINH DANG

## PHP DEVELOPER

### SUMMARY

I'm Nguyen Dinh Dang, a PHP Developer with 1 year experience working with Magento framework in e-commerce. I have knowledge of Laravel framework and used it to make an online shop.

I like simplicity, so I always try to make my code the best in my ability. I'm quite active in the team work because I like helping people in my team and other team. I am happy if my solutions or knowledge can help them solve the problem.
